GRANUPLAS SA

Our experience of more than ten years in the production of plastic disposables and the implementation of state-of-the-art technologies, allows us to guarantee excellent quality and sanitation in all the productive processes of our FRESH Disposable line.

TECHNOLOGY

The production processes are carried out in our injection plant by using state-of-the- art technology, which enables us to offer products free of human contact.

High-end technology has also allowed us to shorten response times and satisfy the increased demand from our customers.

DISTRIBUTION

We have an extensive network of retail distributors nationwide and internationally. In case you are interested in distributing our products or acquiring them for their final use, please contact us at ventas@granuplas.com.co.

CUTLERY

We offer a variety of cutlery that allows you to supply the needs of your business with the peace of mind of having completely hygienic products, as they have no human contact during the production process.

Put the cutlery sets together according to your business needs. Choose the FRESH packaging, generic packaging or customize the packaging with the brand of your business. Get in touch with us to tell us all the details about the set and the packaging you require.
